Great starter motorcycle. A little over 4000 miles. Great condition, like new. Goes about 60 miles per hour. Will hold up to 350 lbs. The price is firm. New off the lot this bike cost around \$3300 plus dock and tax brings it up to around \$4000. My price is \$2500. No hidden cost. I can deliver it if need be but if I do, there will be a charge for that.
